Love each other, as God loves us. John 15:12

15th March 2024

Dear All

It was lovely to see many of you at Parents' Evening. I do hope you enjoyed looking at your child's hard work and hearing how well they are getting on in school. We are so blessed to have such amazing children and celebrating their achievements with you is a privilege.

There is lots to celebrate with you from this fortnight. It has been very busy for our sports teams and we are incredibly proud of our recent successes. Congratulations to our Y5/6 girls' football team won gold on International Women's Day! Both the Y5/6 hockey and Y3/4 gymnastic teams competed at the County Finals—what an amazing achievement! A huge well done to the children and Mrs Williams. I can't wait for one of my favourite events of the year: KS2 Cross Country at Delamere. We have 85 runners taking part so it's going to be a fantastic morning in the forest.

Children have also had opportunity to share their talent for music and singing this week as they have rehearsed with PopUK, learning some great new songs ready to perform to you on Monday. This will be a wonderful performance and I am sure you will enjoy their enthusiastic and joyful singing. I do hope to see all our children there: it's a wonderful way for them to live out this month's Christian value of community.

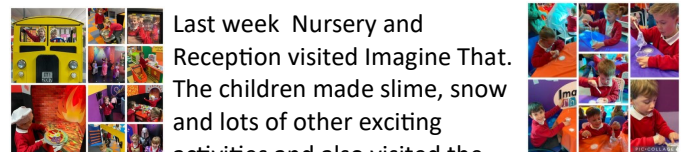

Thank you for all your continued support. Please do get in touch with school, if we can help in any way. Mrs Kirby

World Book Day

We had a wonderful World Book Day last week and amongst the days activities Year 4 enjoyed taking part in a live lesson from the National Literacy Trust. They tested their knowledge in the World Book Day Footy and Booky Quiz 2024. There were children from schools around the country and questions were shared by famous male and female footballers. They scored an impressive 18 out of 20, well done Year 4! This was followed by their visit to the library for the story telling workshop: Chio Chio.

EYFS Trip to Imagine That

Last week Nursery and Reception visited Imagine That. The children made slime, snow and lots of other exciting activities and also visited the Imagine That Village. They had a very exciting STEM-sational trip. 'I loved making slime' Adam. 'We made magic snow' Darcey. 'We explained electricity' Tom
